

*F. Farka*

TO WHOM IT MAY CONCERN

Captain Ibrahim Farka has been working for Albania and fighting against the invader from April 7, 1939 up to 28 November 19, 1944.

On April 6, 1941 together with Col. Hill (British) he took part in the attack launched against Yugoslavia against the Fascists in Albania, when we attacked enemy positions inside Albania.

During 1942 he <sup>was</sup> active in the vicinity of Tirana as guerrilla leader by having destroyed a ~~strong~~ complete anti-aircraft battery in the village of Kanze near Tirana and by having burned <sup>enemy</sup> war material concentrated around the capital.

During 1943 he was appointed by me as assistant to the British Military Mission and was ready to help them in any need they had while staying in Albania.

He has cooperated with Col; Hill, with the late Col. Arthur Nicholls, with Col. George Seymour, Col. Neel, Major Alan Hare, Capt. Julian Amery, and Major David Bailey.

One of his most daring exploits was the transportation of Col. <sup>Arthur</sup> ~~Arthur~~ Nicholls from the camp where he was frozen stiff in both his ~~limb~~ legs to a doctor's house right in the center of Tirana for the necessary and urgent treatment. This transportation was performed under very grave dangers and only to save this officer's life; the best doctor was summoned to Mr. Iqbal's house where the <sup>a</sup> ~~treatment~~ <sup>was</sup> performed. Capt. Farka was appointed by me also to look for and spot British and American pilots who had to crash-land on Albanian territory; he was to take care of them and lead them eventually ~~either~~ <sup>or</sup> to the British Military Mission H.Q. ~~at~~ to my H.Q.

Capt. Farka has done a lot and has sacrificed a lot for the cause of his country and that of the Allies without any material rewards but only for the love of his fatherland and for the sake of his democratic sentiments.
