TO: SC, AMZON  
FROM: SC, FEM *Ho*  
SUBJECT: Dr. M. FERID

*clg*  
In a recent communication from Austria mention was made of the fact that an agent who was to go to Poland on an intelligence mission was, on his return to Germany, to get in touch with AB-43 by using the letter box of Dr. M. Ferid, Tengstrasse 6, Munich. *clg* would like to know whether FERID is identical with the Abwehr officer who was operating in the Middle East during the war. Whether this be the case or not, we are wondering whether this letter box is a safe one and, if indeed FERID is the Abwehr officer, we are amazed to hear that AB-43 is apparently in quite close touch with him.

The same report mentions a Dr. *clg* who is working in the Munich Municipal Hospital, and who was supposed to get the agent in question a false medical certificate. We have no previous record of this man and would like to know whether our Munich detachment is in touch with him also.
