Thank you both so much for your assistance with the Argo film crew visit last week. They sent us a couple of follow-up questions which I wanted to pass along to you:

[Redacted]

What kind of fixtures are the standard in the hallway that you were helping to turn on and off? They are hoping to buy some out in LA to test out different lighting options, so any specifications you can provide about the fixture, any alterations that have been done, etc would be most useful.

Any guidance you could provide on this question would be most welcome.

Thanks so much for your ongoing support with this project.

Best, [Redacted]
