HERMANN HERZ

Born in Germany - first papers Single Age 52 Height 5'7" Weight 140 (150)

Training:

1913 University in Berlin Degree Ph.D.

XARZ 28886-

08 MAR 44

Experience:

1913-1924 I was engaged by the "Chemische Fabrik Grunau Landshoff & Meyer A.G." which employed several hundred workmen and manufactured heavy chemicals both organic and inorganic (Br, K Br, Na Br, NH₄Br, J, KJ, NaJ, H₂O₂, HCOOH...). I was in charged there with the supervision of the manufacturing process, the workmen, and the laboratory.

1924-1939 I was managing director of the "Berlinger Ceresin Fabrik Graab & Kranich G.M.b.H." with 30 workmen and employees. I have run the whole factory by myself, the manufacturing process, the laboratory with 2 chemists, and the commercial office. There we manufactured:
Waxes: Ozokerite, Ceresine, Carnaubawax, Beeswax, Montanwax
Fats: Especially Lanoline and other Woolfat Products.
Petroleum By-products: Paraffine wax, Vaseline, Petrolatum, Lubricating Oils, Pale Oil, White Oil

Organic Solvents
Cosmetic Creams
