Pres:

I have received word that one KROCH Neustel was recently the perpetrator of the fraud of posing as an agent of the U. S. Embassy and, in that alleged capacity, of persuading Prince Higaldin to organize the Asian Economic Cooperative Organization and to prearrange upon his friends to provide funds in excess of \$10,000.

In view of your one-time interest in Prince Higaldin, I would be interested to know if you have any present dealing with him, Kroml or the AECO.
