Subject of Separate Cover Attachment

1. Information under separate cover is a R&A Report dated 23 November. This report is forwarded to you as of possible interest because the source mentioned as "Onkel Heinz" in paragraph 3 of the report is, as far as we have been able to determine, the same person as the source who was reportedly turned out to be an American allied operative. It was Barnitzke who was in contact with the source, the first case that was abducted. We understand that the source had dropped Barnitzke, but if they are still playing with him, the attached report could possibly be interpreted to suggest that the other source is aware of this and are attempting to send one or two "standing" leads to Al for through him.

2. For your information, the first person mentioned in paragraph of the attached report is now in Canada, having emigrated to that country, 1951. This was a low-level, casual informant of BOB.
