Re: EGM-11667

1. Our position with respect to the GAI/BO-30/H LINDNER/PAPROTTE matter was accurately stated in WIA-8382 in which we expressed our willingness to consider the embarrassing aspects of the case (to POB) closed. The first three pages of reference indicate that we were not successful in making our position clear, but we are satisfied to let the matter rest.

2. H. LINDNER and PAPROTTE have both been dropped by ZIPPA. With our concurrence you may therefore proceed as readily as you like through any available channel to take appropriate action against either or both of them in the interests of OCIB security. Securitywise, POB has no derogatory information against H. LINDNER except for the fact that he is well known to enemy services; and only the allegation of Frau WEGNER stands against PAPROTTE (with the exception of reference attachment). We nevertheless recognize the extreme sensitivity of their positions with respect to AS security in Berlin (this recognition was naturally our original motivation in bringing both persons to your attention), and leave necessary action up to you.
