

HOESSELBARTH mentioned that HOESSELBARTH had been SD during
the war (in Athens) in the summer (came back in 56), and tried to get into
the country in 1956 by writing a letter to PANNITZ, and
HOESSELBARTH was employed in 1956 by ADURUM - who knew
HOESSELBARTH and was in the country. KASIRUP said if there is anything wrong
with HOESSELBARTH he should not be allowed to do too much harm. He is a PA type
and not very dangerous. The amount of his time with ADURUM has been spent on
the... control of SHROCK.
