As stated below

1. Although a considerable amount of time has elapsed since the last report on UJVENTURE changes and additions, most of the significant additions have either been reported by separate dispatch or have been forwarded to you as contact reports. To further reduce duplication of reporting, we will henceforth report only those additions not reported separately in connection with UPHILL's "Cosmic Clearance" tracing program. We assume that 201 or IDN numbers are being assigned this latter group upon receipt of our request for traces by Headquarters.

2. The following individuals have been added as true names to the UJVENTURE notebooks. Please assign 201 or IDN numbers as appropriate in those cases in which numbers have not already been assigned.

We have been carrying

* Herbert Wilhelm * @HIBE *no 201*

Nevertheless, he was terminated by UPHILL in connection with the falsification of information on his "Lebenslauf."

~~SECRET~~

5. Major personnel changes and transfers within UPHILL have occurred in the Communications Abteilung, the Positive Operations (Tactical) Abteilung, the CI Abteilung, and the Security Groups.

a. The Commo Abteilung is now headed by @CAPPEL with @HEUKEN (Brigadegeneral H. HASS) as Chief of COMINT/ELINT. He is the direct superior to @BRUCKNER and @HERTEL who are chiefs of COMINT and ELINT Sections, respectively. Since it is only a matter of time before we have @HEUKEN's full name, we are not reporting him separately for the present. The "Exchange Group" is headed by @GUEHMANN. @SEIDL has replaced @NIDEMANN, and is apparently over @MENKE (Engineering) and @GROENE (Operations). Commo Security is believed to be part of @SEIDL's duties and Commo Administration falls under his supervision. @HILFICH has recently joined the UPHILL Commo Headquarters as a senior officer in the Exchange Group.

b. The Positive Operations Tactical Abteilung has been reorganized but most of the personnel are still performing the same basic duties. @DESSAU (@HERDAHL) remains chief and @KRONE is responsible directly to him as "chief of plans." There are now four pillars or sections under @DESSAU consisting of Economic and S&T under @STURM; Military OB under @BRUHN; BEFRAs under @DARLKE; and "R-Netz" (an emergency radio network). @BRUHN has been very ill following a heart attack and is not expected to return to UPHILL for at least five months. @MAURER is acting chief of this section for the present, and @GUTT is a senior officer in the same section. Dr. @SCHREITER transferred to Positive Ops Tactical Abteilung and serves under @STURM, but actually acts as a CART referent for all CART developments and for determining whether an operation with CART overtones holds sufficient promise to warrant its transfer to the CI Abteilung. @KURZ works closely with @SCHREITER, is still responsible for agent security and continues to maintain his OPTIC. He, like @KRONE, reports directly to @DESSAU.

c. The CI Abteilung is headed by @GRUSS (replacing @BAYERLE) and his acting deputy and chief of "Beschaffung" is @HELLBRANDT who has replaced @RODERICH. The section has been compartmented again into "Beschaffung" and "Auswertung," the latter group headed by @DUSSERT.

d. The security groups, both personnel and operational, fall under the overall direction of @BAYERLE with @BERNHARDT still responsible for the Compound and Personnel Security Group. @PETERSEN has replaced @KUECHLER as chief of the Operational Security Group. @KUECHLER is due to retire in April, but unfortunately we do not know his current position or duties. There has been one indication he might have been transferred to work in the "Doktor's Haus."

6. We regret that we will no longer be able to report details on every personnel change that occurs. We will endeavor to keep you informed on major organizational changes and any changes in the higher personnel direction within UPHILL. As noted in paragraph 1, we will no longer report additions which we receive officially from UPHILL in the form of Cosmic Clearance Trace Requests since we assume that these names are being automatically included within your UJVENTURE records. Any comments or suggestions you care to make on the above would be appreciated.
