Re: Informations given to the French Intelligence Service by
Dr. NEY.

Interview Mr. LUCID - Mr. MORRISON - WILLI.

Some time ago, Dr. Karl von WINKLER, who is also known to you, has been in INNSBRUCK. Once, a French official of the Intelligence Service asked him in the street to follow him to his office, which was situated in a castle near INNSBRUCK. The French interrogated WINKLER during four hours (though in an absolute respectful way) asking him a number of names and amongst others about my co-operation with American authorities, on which occasion the names LUCID, MORRISON and BAJOG were mentioned. Later on they hinted to the names of XERNHAYR, KOWARIK, HECKE, Dr. JASSER and some more persons who are, in fact, in touch with our group. The investigation was made by a certain "Commandant Leunier", whose real name is probably "Muller" and who designated himself in his interview with WINKLER as chief of the French intelligence service in the French zone of Austria.

By confidential investigations I found out, that the French had obtained these informations by an Hungarian emigrant, who formerly had been an officer of the "Waffen-SS"; thus my suspicion that Dr. NEY was behind the whole thing proved to be true.

I intend to go for skiing by the end of this month to LECH a/Arbe. I arranged to meet an old friend of mine, Graf BERCHER, on this occasion in KITZBUHEL on February 19, or 20. Graf BERCHER co-operates with the French since quite a long time. I shall try to extract some details about the above matter from him, and may be I could also make him answer several other questions, such as "what chiefly interests the French" a.s.o. If you should like to put special questions, would you please let me know so in time.
