Re: HECKE, secretary in group Mount Vernon
ANTON FELLNER, co-worker in group Mount Vernon
Precedent: Interview Mr. Lucif-Mr. Morrison - Willi.

As I have told you in Linz on March 21, the trial against HECKE at the people's court Linz for offending against § 10 and 11 anti-Nazi bill, will be next week. HECKE is not only a prominent co-worker of the line Mount Vernon, but he is also familiar with all confidential matters of this line. Therefore I ask you to get hold of his records at the people's court at once and keep them for some time. It can be awaited that meanwhile there will be an amnesty for formal delicts under § 10 and 11, so that the matter will be straightened after that.

In this connection I beg to remember that our co-worker Dr. ANTON FELLNER is just in the same position; his case will also be tried in Linz. FELLNER is not only the best man of line Mount Vernon in Upper Austria, but he has also established a special line to the atom researcher Dr. BRUNEDER who is working for the Russians. At the moment, this line is interrupted as you know and if there is still a chance to put things straight, Dr. FELLNER is the chap to do it. For this reason I attach great importance to his continuing work for us undisturbed. FELLNER is also charged with mere formal delicts, so that there will be no troubles!
