1. Believe ref direct tie in with [] Similar proposal to Grieser probably made by Haas. Entree in ref indicates Ministry Blank (read Heinz) making multiple efforts to remount ops in and thru Italy.

2. Col Heinz known "I" chief Blank Office and is not part of Zipper nor is he controlled by Dyclair. Flagg believed an alias for Heinz subordinate. For field info, in Dec 1951 Hoettl approached Haas stating he setting up Mediterranean intelligence net for Heinz. At that time stated he and Heinz would go to Rome in Feb 52 to set up formal liaison thru von Brentano. Now appears this course not being followed and Heinz busy with priority tasks vs Balkans via Trieste. Current Heinz Medit efforts believed attempt to entrench self with Blank Ministry as key future German IS official.

3. Masimof prob id/w Nikola Maximoff. He and wife had wide intell contacts including possession of W/T set retrieved by Luongo for Zipper in 1950. No Zipper contact since that time. Since ref is first indication he and wife "R" office informers. Itals probably know of Zipper dealings as well as Luongo, BIS and other contacts of Maximoff and wife.

4. Para 6 ref indicates good Ital containment of Heinz-Haas efforts. We have continuing interest all German IS activity Italy, but no Dyclair assets yet involved..
