Approval of Minutes

1. Action: The minutes of the meeting of 26 April 1951 (IAC-M-28) were approved.

Data on European Industry (IAC-D-19)

2. Action: The proposed plan to preserve data on European industry was approved. The State Department will make the necessary arrangements with ECA and thereafter European field offices will be notified.

Intelligence for Civil Defense (IAC-D-20)

3. Action: Mr. Reber was instructed to draft a letter embodying the sense of the discussion and to clear it with the agencies before it is sent to the Federal Civil Defense Administration.

4. Discussion: It was the sense of the discussion that FCDA should approach each IAC agency directly and there should be no executive agent. If FCDA is in doubt as to which agency to go to, it should come to CIA, which will advise on the matter. If more than one agency is involved in a particular request, CIA will collect contributions from them and assemble a reply for FCDA. It was felt that the IAC should not approve the list submitted by Mr. Babbitt, but that within the limits of their responsibility and judgment each agency should make available as much as possible of the intelligence that FCDA needs. Where it is not appropriate to pass the intelligence itself, the agencies would undertake to give appropriate guidance.

Probability of an Invasion of Yugoslavia in 1951 (NIE-29/1)

released in E.O. review E81-0235 (DEC)
NIE 29/1 (4 May 51)

5. Action: This paper was approved subject to certain revisions.

withheld in E83-0215, E81-022
NIE 24 (15 May 51)

German Attitudes on Rearmament (NIE-24)

6. Action: Without discussing the substance of this paper, it was referred back to the IAC representatives together with the State Department comments. The IAC will meet to discuss the paper as soon as the representatives have something ready.

Berlin Blockade

7. Action: At the suggestion of the Air Force it was agreed to ask the intelligence representatives in Germany to give an estimate of the likelihood of a reimposition of the Berlin Blockade. Collection agencies should also focus on this problem.
