Request:

We at the men's general interest publication, BroBible dot com (one of the nation's largest websites for men 18-35), would like to know what pornographic materials Osama Bin Laden had in his possession at the time of his death.

We are adults. We can handle it. We would like to know what kind of porn the world's most wanted man jerked it to. Does being under the constant threat of capture require extra stimulation? I imagine it would be hard for him to focus on his dick, so I figure he had to watch some really nasty shit.

Fee Waiver:

We would pay up to \$100 for this information.
