TO: Chief, I & S
VIA: CSO
FROM: FBM
SUBJECT: Lucien Conein

Attached hereto is dispatch number ²² (WFP-A-2933) which gives data available on subject in the police files of the City of Lyon in France.

Inasmuch as the acts mentioned in this dispatch took place during the German occupation of France, the fact that subject has a police record is more to his credit than his discredit.

It is felt that these documents should be made a permanent part of subject's security file since the reference police record might in an unrelated context be taken as derogatory.
