PERTINENT INFORMATION				
THE FOLLOWING EXCERPT IS QUOTED VERBATIM				
Tracing the Origin of Anti-Communist Intelligence (“SHINSO SPECIAL ISSUE” No. 16, for February 1950).				
<u>The Origin of Intelligence Made to Look Important.</u>				
<p>The Far-Eastern Intelligence Research Association (Kyokuto Jijyo Kenkyu Kai) is the headquarters of the whole organization and the NABEYAMA group may be a mechanized intelligence corps of the anti-communist front working for this headquarters. The building is located right behind the former Kabuki Theatre at Kobiki-cho, the sixth house on the street turning off to the east from Showa-street next to an eating place named “Ginsen”. It is a two-story house, painted green, which has two small sign-boards saying “Research Association” and “Kyoyusha” respectively. This building is inconspicuous as it is encircled by a lumber yard. The Kyoyushais the printing shop which published a book called “We are Defeated”, written by the released war criminal, <u>KODAMA Yoshio</u>. This printing shop and the Research Association (Kenkyu Sha) are both registered under the name of Fujiwara Ichiro as if he is a representative of these places. But they are actually run by KODAMA and his organs consisting of the former officials of Foreign Ministry, Military Police and some repatriated Tokko people. A close liaison has been maintained between KODAMA's organization and the Democratic-Liberal Party through a vice-president of the Seicho Kai, HASIMOTO Ryugo, who is an advisor to the KODAMA group. The Far-Eastern Economics Research Association in the Yusei Building a 3-chome, Higashi Ginza, owned by the same KODAMA is intimately connected with the Far-Eastern Intelligence Research Association, since all articles written by the F.E.R.A. are published in the monthly magazine “Far-Eastern News” (Kyoku To Tsushin), of the F.I.R.A. or publications of the Kyoyu Sha. Papers and slips of anti-communist propaganda distributed all over the nation are mostly printed and published from this source.</p>
