Communists. Et cetera. But the major weakness of the proposal is of course the vagueness of how anyone would go about using the U.S. trip to influence KODAMA, other than that "the new forces...will be able to capitalize on this increased understanding at key moments and in the ways which Japanese handle these things with Japanese." The foregoing is a statement calculated to induce acute nostalgia in almost any case officer who ever worked in Japan.

4. In short, the writer of the letter forwarded with Reference A seems to have been overcome by an overdose of Sax Rohmer. As stated at the outset, however, we doubt that we have said anything here which has not already occurred to you, and there seems little point in ranting on the subject further. We hope that this requested comment will serve to close the case.
