Subject: Investigating the Possibility of Extending CAPELIN's  
Visa  
Ref: MUNI 6407 (IN 12401)

1. CAPELIN has been one of our most productive agents in the CE field. If we were to lose his services, particularly at this time, it might prove detrimental to the entire AERODYNAMIC operation.
2. It is believed that additional efforts are justified in investigating the possibility of extending CAPELIN's visa to the United States.
