Memorandum of Civil Agreement - AMATELIS-1

- Reference: A. MEMO-2060, 7 January 1956 - Request for approval of medical payments to AMATELIS-1
- B. MEMO-2081, 9 February 1956 - Request for MGA
- C. MEMO-2087, 8 August 1956 - AMATELIS-1 FINANCES 1955-1956

Action Required: It is requested that you bring to AMATELIS-1's attention our views regarding his request for reimbursement of medical expenses. You are again requested to prepare a new AMATELIS-1 civil agreement.

1. We continue to feel that the views expressed in Paragraph 2, reference B above, regarding disapproval of your request for payment of certain AMATELIS-1 medical expenses should remain in effect and that subject be informed of our position. We suggest that you inform subject that we feel his current KUBARK salary, in addition to other sources of income, is sufficient to take care of his medical needs. We suggest also that you advise subject to investigate the possibility of his purchasing medical insurance of the local economy. If valid reasons precluding that possibility exist, we might reconsider his request for reimbursement.

2. We can find no comment from you concerning a new civil agreement for AMATELIS-1, as requested in reference B, above. It is again requested that all previous civil agreements be rescinded and a new civil agreement be prepared. The statement in reference B is still considered a good one even though it lacks certain stipulations, e.g., duration, obligations, limitations, as well as the clause for migration.
