SUBJECT : REXWOOD/LCINPROVE/AEBATH
Proposed Transfer of AEBATH to Athens

No Indexing

~~DESENSITIZED~~

per EO 170-17

ACTION REQUIRED: As stated in Paragraph 1, below.

18 AUG 1958

REFERENCE : HMM-36153

1. We know nothing about this case, and therefore, before we can comment intelligently on your suggestion that AEBATH move to Athens, we shall need answers to the following questions:

a. Are we right in inferring from the LCINPROVE alog that AEBATH is a D/AT

b. If so,

- (i) Is he still in contact with the KES?
- (ii) Do the KES know of his plans to leave Germany?
- (iii) Have the KES said or implied that they will want to re-establish contact with him elsewhere?

c. If AEBATH moves to Athens,

- (i) would he be expected to handle him?
- (ii) would or should the [] be in touch with him?
- (iii) would he remain a "discontinuous reporter" for UFG/INO?
- (iv) would he make his own cover and financial arrangements in Athens.

d. Who are AEBATH's "Greek governmental and church contacts" and what is the nature of his relations with them?

2. Your answers to these questions will give us something to go on. In addition, however—and especially if we are expected to continue running the case—, we shall want a summary of it to date and an appreciation of its present status and future prospects. Needless to say, we should like to get all this information before any decision is taken to send him here.
