MEMORANDUM FOR THE RECORD:

Subject: Project AEDOGMA

1. The undersigned assumed responsibility for Project AEDOGMA on 10 July 1961, with the departure from CIA of the case officer, [] At the time [] left, she gave no indication that the project had not been renewed and in her briefing notes made no mention of this fact.

2. On 27 July 1961, C/SR/2 gave the undersigned a notice from SR/BF which stated that the project had expired on 31 January 1961 and requested that it be renewed.

3. A review of a portion of the files, indicated that a portion of a rough draft project outline had been prepared. This was used as the basis for the project renewal which was typed and sent forward 10 August 1961.

4. Among other items which had not received attention in this case, was a memorandum dated 30 September 1960 which contained a CI Staff review of the agent and raised a number of questions regarding his security. The information was to be sent to the field for resolution, but [] had not done so. The requested Green Lists on Subject and his wives had not been submitted. Since the POA expires 1 September 1961, and will not be renewed without some resolution of the points raised in the CI memorandum, a dispatch is being prepared, belatedly, advising the field of the questions raised.

5. The undersigned was instructed to renew the project although reluctant to do so because of the unresolved security questions, and the apparently limited production from the agent. All objections raised by the undersigned were overruled by C/SR/2/CE and the renewal was prepared.
