Operational

Severance of CAVEY 18

On 28 July subject left Berlin for Bremen, there to take a ship for Canada on an immigration quota visa. This development came as a total surprise here, since our understanding had been that he was not eligible for such treatment, having committed some peccadillo in the Soviet Zone which was known to the local immigration authorities. This seems not to have influenced their decision. In any event, CAVEY 18 has departed, and we are being put to it to speed the development of a suitable replacement. Our choice will be reported in due course.
