M.D.

MEDICAL EXAMINATION

Date 9 February 1953

NAME Louis G. Goltzge

PHYSICAL EXAMINATION

1. General (build, posture, nutrition, etc.)  
Well developed, well nourished, white male
2. Vital Signs  
Temp. Normal Pulse 74 Resp. 18 BP 120/86
3. Eyes RIGHT      LEFT
  - a. Acuity
  - b. EOM      **Essentially negative**
  - c. Pupillary reaction  
    -- light  
    -- accommodation
  - d. Ophthalmoscopic
4. Ears RIGHT      LEFT
  - a. Acuity
  - b. External Canals      **Slightly inflamed**
  - c. Drums
5. Nose and throat (obstruction, polyps, exudate, tonsils, palatal reaction)  
**Essentially negative**
6. Neck (thyroid, trachea, lymph nodes, venous distention, etc.)  
**Slight adenopathy of several pre cervical nodes.**
7. Therax (shape, AP diameter, movement, boney abnormality)  
**Normal**
8. Lungs  
**Normal to auscultation and percussion**
9. Heart  
**Normal to auscultation and percussion**
10. Abdomen and viscera  
**Normal to auscultation and percussion    no masses**
11. Genito-urinary  
**Essentially negative**
12. Anus and rectum  
**Normal**

13. Upper Extremities Essentially negative
14. Lower Extremities Mild fungus infection between lateral toes of both feet
15. Musculo-skeletal Essentially negative
16. Psycho-neurological
17. Teeth
