The German News Agency (DPA) reports that those Land groups of the League of German Youth (LDJ), which were not banned, founded a working association in Bonn during a meeting on 11-12 February 1953. A LDJ press statement issued on this occasion stated that within the working association each of the Land groups will consider itself an independent unit until the necessary prerequisites for reconstitution of the League on the Federal level have been established. With the founding of this new organization the former LDJ National Executive has ceased to function.
