Dear Allen,

I read in today's New York Times (March 16) the Salisbury article about Khrushchev's secret talk during the last Party Congress. Such a talk is very probable but I don't think Mr. Salisbury gives an accurate account of it.

I would be extremely interested in reading this talk if some information about it is available. It may be quite helpful for the evaluation of important events in the Soviet Union.

Best regards.

Faithfully yours,

P.S. Did you receive my hand-written letter about Mr. S. Bruce Black, President of the Mutual Liberty Insurance Company of Boston and is there any way to help?
