Dear Allen:

I have just completed my treatments, and am rid of my trouble once more. The reaction to these treatments is quite strong, and, according to the doctor, may continue for a couple of months. They suggest that I be careful during this period of time.

I am sailing with my wife on June 3rd on the SS Andrea Doria for Europe, where, while attending to my business affairs, I also hope to recuperate fully.

(b)(3)

my stay in Europe. I shall be in Rome at the Hotel Excelsior between June 11th and 14th. While there I shall see Mr. Dubrow, the Minister-Counsellor at the American Embassy.

Should you want to contact me thereafter, my office at PLAZA 3-2621, will be in constant touch with me and will be able to let you know where I can be reached.

Best regards.

Sincerely,
