The Honorable Philip B. Heymann
Assistant Attorney General
Criminal Division
Department of Justice
Washington, D.C. 20530

Dear Mr. Heymann:

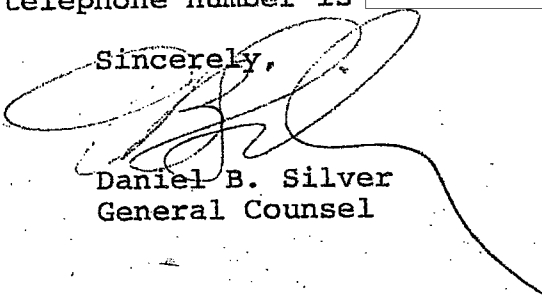

This is in response to your letter of December 17, 1979 to the Deputy Director of Central Intelligence in which you advise that Mr. Arthur Sinai has been designated by you to handle requests for information from this Agency concerning the association of certain individuals with the Nazi government in Germany from 1933 to 1945.

We are, of course, happy to work with Mr. Sinai or anyone else you designate who possesses the necessary clearances. I must note with some puzzlement, however, the fact that for over a year we have been working with Mr. Martin Mendelsohn on this matter. Could you please advise me concerning which individual to deal with. In my Office the point of contact is his telephone number is
