Operational/CART/Name Trace

BfV Request for Traces on Prospective Employees
Hans Joachim LEYER and Otto BOETTCHER

1. The BfV has requested traces (through the ODOPAL element of OCA) on the persons below. Although the traces were requested on the grounds that the Subjects have applied for "government employment", the ODOPAL liaison officer feels certain that since he received the request from Dept. II (Collection) of the BfV, the persons concerned are being considered for employment in a covert capacity by Dept. II.

a. Hans Joachim LEYER, born 22 Nov 08 in Danzig. A German national, LEYER resides in Luebeck at Wilhelm Wissner Weg 30. He is a former Kriminalkommissar and is presently a sales representative.

b. Otto BOETTCHER, born 2 Nov 05 in Tellitzkeppen, Kreis Gumbinnen. A German national, BOETTCHER resides in Granda near Trittau, Bezirk Hamburg. He is a leather salesman by profession and is now employed as a sales representative.

2. We have no traces on BOETTCHER. The LEYER mentioned here is apparently not identical with the Hans LEYERS of EGNA-8595, 15 April 1956, or with Hans LEYERS of EGNA-5438, 16 Nov 54.

3. POB: U.S. files only.
