AGENT BIO DATA

VITAL DOCUMENTS REPOSITORY

Cryptonym LCCASSOCK-4
EE/G WE/PP
Date of Inf.

Instruction: This form, when completed, will be filed in the Vital Documents Repository. It should provide information to facilitate contact of the agent under wartime conditions and to indicate how he may be used under that circumstance. Attach to this form a typewritten document covering at the least the following FRQ I and II information:

- A. PRQ, Part I - Items 1, 4, 5, 8, 9, 15, 16, 24, 25, 27, 29, 34.
- B. PRQ, Part II - Items 37, 39, 40, 43-46, 49, 50, 51, 53, 55, 56, (include clearance status and data on contract status, if any).

Please complete the following:

- (1) Indicate briefly for what purposes (FI, CE, PP, PM) Subject could be used under wartime conditions. Identify general targets and target areas to which Subject would probably have access.

Subject has had debriefing experience in the economic field and could possibly be used in that field for FI purposes. Subject has also had police experience and service and would have in all probability contacts to air within law enforcement agencies

- (2) Does Subject have "stayability" in event of war? Would he be subject to draft?

Subject would not under ordinary circumstances be subject to draft largely because of his age (Born 1896). Although LCCASSOCK is not as widely known for its anti-Communist activities as some other Berlin projects, it is sufficiently pin-pointed to make it highly unlikely that personnel could remain or would be of any operational use to KUBARK in the event of Communist occupation.

- (3) Record the extent of training Subject has received in clandestine communications.

None

- (4) Describe briefly for what purposes Subject is being used and has been used in past by KUBARK.

Subject was picked up by KUBARK after his position with HICOG as an Economic debriefer was cut out. He was first contacted by us in November 1950 for REDCAP debriefing assignment. In September 1953 he was transferred to the LCCASSOCK project in the capacity of Security Officer for the project because of his earlier police and investigative training. He has served in this capacity

- (5) List the KUBARK officers who have handled Subject or whom he has otherwise come to know. Include names by which the KUBARK officer was known and the period over which the contact was maintained.

- (6) List the other individuals (agents, relatives, friends) who know of Subject's intelligence activity.

Wife and adult daughter presumably are aware of the intelligence activity of LCCASSOCK. In addition two or three LCCASSOCK associates, who themselves are witting, also know of the intelligence aspect of the project.

- (7) Record the details of arrangements for emergency recontact, including recognition signals, signal and cipher plans, and secret writing or other communications arrangements.

No information. Subject was given a low security number at Berlin Base through which to reach the case officer in case of emergency.

- (8) Record the possible methods of recontacting Subject with whom no specific recontact arrangements have been made. Indicate whether Subject could be contacted at place of work, at home, on street or other location. What name (such as alias of former case officer) and/or message could be used to help establish bona fides of the individual making the contact?

In view of commitments made to subject for evacuation it is presumed that contact would be continuous. No special arrangements have been made.

- (9) Record the compensation or salary paid Subject, if any, and the method and currency used in making these payments.

Subject is paid 1000 Marks per month in West German Marks.

- (10) Record evacuation commitments, if any, which have been made to Subject. Do they include his family?

Subject has been promised assistance for himself, his wife and adult daughter to prevent their capture by the Soviets. This involves the air evacuation of them to a secure location.

- (11) Record any other commitment made to Subject on which he might base a possible claim against ODYOKE after the emergency.

None recorded in file.
