CAUTION

RE: SUBJECT: WCHA-6297, WCHA-6324

1. Project approval for CAUTION is withheld at this time. This is necessary because the operational clearance officer will not give any type of clearance for the use of the Subject of WCHA-6324 until we receive more biographical data on him. We cannot secure project approvals without prior operational clearance. We realize that provisional operational clearance has been given for the use of some individuals in the past prior to our receipt of PRCs, but in this case the operational clearance officer would not unbend.

2. We suggest that the subject of WCHA-6324 be assigned the cryptonym CAUTION 1 to avoid any confusion in future correspondence.
