MEMORANDUM FOR DR. KISSINGER

ACTION
August 16, 1973

FROM: PETER W. RODMAN *PWR*

SUBJECT: Your Meeting with Eban

This will be a tour d'horizon. As Dinitz said, it will be an "Ebanese" conversation, which means you won't need many talking points. Possible topics are:

1. Eban's tour of Latin America.

2. UN Security Council matters:

-- the resolution Wednesday condemning the Israeli hijacking,

-- the U.S. veto July 26th of the resolution attempting to modify 242.

3. Brezhnev and Shah visits.

NSS review

4. Soviet Jews/MFN.

5. Energy.

6. Jordan. [FYI: Two matters were raised by Dinitz which probably should not come up with Eban, but you should know where they stand:]

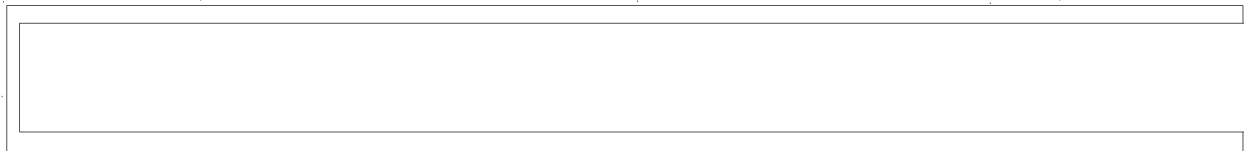

-- You told Dinitz you would make sure Rifai knew our thinking on his rapprochement with Egypt.

-- FYI: We are still awaiting word on the Soviet bid to build a prefabricated housing factory in Jordan. CIA is unfamiliar with it and is checking.

7. North Korean pilots in Egypt:

-- The State Department Wednesday confirmed the press reports.
