MEMORANDUM FOR

The Secretary of State
The Secretary of Defense
The Director of Central Intelligence

SUBJECT: Horn of Africa
(Reference: National Security Study Memorandum 115)

In view of the passage of time, and of intervening developments such as Emperor Haile Selassie's visit to the People's Republic of China and the attempted communist coup in Sudan, the NSC Interdepartmental Group for Africa is requested to review its response to NSSM 115 and prepare a brief memorandum updating it. The effect of PRC aid on our interests in Ethiopia and on suggested policy options is of particular interest as are any other recent events on the Horn which the IG wishes to bring to the attention of the Senior Review Group.

The update should be prepared by the NSC Interdepartmental Group for Africa and submitted to the NSC Senior Review Group by December 1, 1971.
