MEMORANDUM FOR THE PRESIDENT

FROM: Henry A. Kissinger *HK*

ON-FILE NSC RELEASE INSTRUCTIONS APPLY

Phat remarked, inter alia, that:

-- If the NLF cannot achieve a coalition government which can eventually be controlled, they will have fought for no purpose.

-- There will be no cease-fire until the NLF achieves a military victory, control over large areas, and US troop withdrawal.

-- The NLF prefers General Minh to Thieu as head of an interim government because Communist agitators will have more freedom under Minh. Thieu must be replaced before any cease-fire negotiation.

-- In an interim government, the NLF will place its men immediately under the Ministers so they can effectively neutralize the Ministers' activities. In addition, the NLF apparently will insist on filling the key posts of Minister of Defense and Interior (police).

-- The NLF will concentrate campaign efforts for the election at the ward level using terror to gain control where necessary. NLF candidates will pose as "Nationalists" in hostile wards.

This shows futility of talks
