SECRET/EYES ONLY

January 21, 1970

FOR:           Ambassador Bunker  
FROM:          Henry A. Kissinger

The President has asked that I check with you about the new "people's bloc" which was recently announced by Senator Don. He hopes that none of our representatives there are encouraging this move, and has asked for a report on the subject from you.

I would appreciate your providing me with one through this channel, which I can then convey to him.
