~~TOP SECRET/SENSITIVE/EYES ONLY~~

April 21, 1970

TO: Ambassador Bunker
FROM: Henry A. Kissinger

I understand that some of the formulations used by the President last night have led to questions whether we have changed our position on political settlement. As you know, the formulations used by the President had, in fact, already been presented elsewhere.

Please assure President Thieu, if he has any questions, that there has been no change in our position.
