Secretary of State  
Washington, D.C. 20206

Dear Doctor Kissinger:

Mr. Zoltan Tomory who has applied for position of Director of the Budget for the Health Sciences Center Campus of The University of Oklahoma has given your name as reference while he was in the employ of the Harvard University Center for International Affairs as Executive Officer. I would appreciate it if you would be willing to respond to the qualifications, personality, technical abilities and performance for the aforescribed position.

The University of Oklahoma is a multi-campus institution -- Norman, Tulsa, and Oklahoma City. The academic units of the Health Sciences Center Campus consists of the University Library, The College of Medicine, Graduate College of Medicine, College of Nursing, Graduate College of Nursing, College of Allied Health and Health Professions, a new College of Dentistry and a planned Graduate College of Dentistry. The Health Sciences Center Campus needs an individual who is both dedicated and highly knowledgeable in systems and systems analysis along with a knowledge of computer. I joined The University of Oklahoma last October as the Associate Vice President for this campus and we are not locked into old methods.

Any comments you would care to make in behalf of this candidate will be appreciated and I am quite cognizant of your extraordinarily busy schedule.

Cordially,

Harold Zallen, Ph.D.
