ACTIONS TAKEN TO IMPROVE INTELLIGENCE CAPABILITY

Special Security Office (SSO), MACV dispatched to Phnom Penh on 23 July the equipment necessary to provide an improved off-line encryption capability. This improved capability will allow rapid dispatch of necessary intelligence. Target date for activation of this equipment is 31 July. J-2 MACV, in coordination with SSO Phnom Penh, SSO MACV, and the National Security Agency, Pacific Representative, Vietnam is now completing a determination of additional SI requirements. Courier service has been used in the past and will continue to be utilized as required.
