MEMORANDUM FOR DR. KISSINGER

FROM: John H. Holdridge

SECRET/SENSITIVE/EYES ONLY

SECRET/SENSITIVE/EYES ONLY

2

25X1

[redacted] Training for these operations is simple and many can be run in a short period of time. Rocket attacks are not as desirable as raids or ambushes, but a rapidly executed series can exert pressure on the enemy until more elaborate operations can be planned and mounted.

25X1

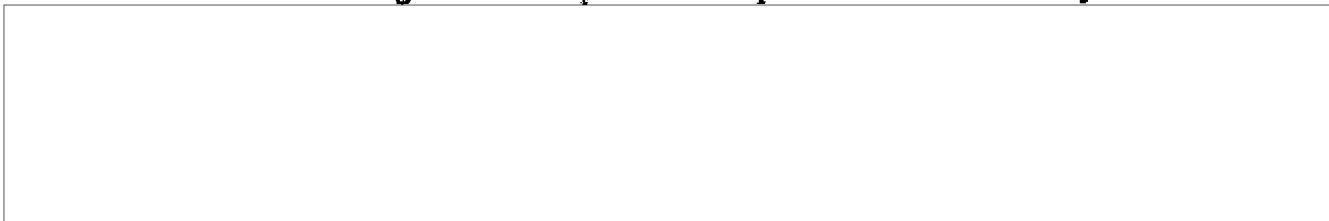

25X1

Comment: [redacted] continues to experience difficulty. Only one of apparently three planned operations was actually launched during August, and whether it turns out to be successful remains to be seen.

We would venture the guess that personnel problems are a major factor --
