- Aug/52 Subject apparently was guilty of improper conduct in connection with Airlift flights to Berlin. Subject (under Gerd BCLDT alias) was allegedly completely in the wrong. (Subject attempted secure passage the daughter of one of his agents from W. Berlin to W. Germany without going through the proper channels and was reprimanded).
- Nov/52 Subject, under alias Otto MEYER, was arrested for traveling on an expired LRT, 29 Nov 52. Through KUBARK-UFSWING efforts subject was given a new LRT and allowed to proceed on his way.
- Aug/53 One Otto MEYER, V-9245.27, was an agent run by Subject who disappeared and was presumably arrested while on a mission. MEYER met Subject's chief once in Munich, and Subject allegedly warned MEYER not to mention to the "chief" that MEYER had had radio experience as he might lose him.
- Jan/56 During late January 1956 Munich KD 2 (political police) attempted to contact Subject through OSI Munich. OSI told us and we told UFSWING to get in touch with KD 2 which they did. KD 2 wanted to check out the story of a former agent of LUETH's, one bearing GISEHRT, born 4 Jan 25.
- Nov/57 LFW requested traces on Subject in true name after learning that his neighbors had been questioned regarding persons representing themselves as LFW agents. LFW was investigating the incident. We replied - "No traces suitable for passing."
