Excerpt of pertinent information : Opinion of Dr. Silber, Rumanian Communist, on Malaxa

"Dr. Silber was quite voluble in his statement concerning Malaxa who he declared to be one of the most sinister and dangerous figures in the country. He stated that he was intimately acquainted with Malaxa and his methods, having been employed by Malaxa for many years. He characterized Malaxa as a Levantine type who accomplishes his means through bribery and great subtlety, and who has been able to maintain his position and prosper under each succeeding Rumanian Government for the past 20 years. When the Iron Guardists were on the rise, Malaxa was an all-out Iron Guardist and contributed huge sums to that organization. Yet when Carol put down the Iron Guard and ordered the assassination of many of the Iron Guard leaders he did not touch Malaxa, and the latter soon rose to great favor with Carol. Following Carol's flight, it was not long until Malaxa had risen to a similar position with Antonescu. Dr. Silber stated that he regards Malaxa as such a dangerous and unworthy man he has proposed to the present Govt. that Malaxa's vast properties, industrial enterprises be forthwith appropriated and nationalized.
