17 1. July 17206

Through the until serving as region, they add, and the government of summands at that the still but a semilance of a descentic form. The still soid he selsed upon this operaturity and slong with \$1.00 planned on the goodsade alsoid to the United States. We said that the semicre and \$1.00 plan in the United States into a smanle assisted the semicre of this economic commission in deporting Numeric and obtaining their ascessary views for entrance into the United States. The said that in this mission there was only one squeed commission that was a local first in the mission returned to Turania, 1980T mid.

Shortly after the concent sissimals arrival in the United States, ANDARY and he observed that I have as closely collaborating with the Smandan Edinister to the United States, MINAPARALEA. He said that be thought that perhaps INSA was responsible to a degree in adding Man II in the successful unblocking of the reparation payment which had been sade him by the Remanian Government. AUDARY said that the best figures that he could obtain indicated that WAAA received the ol,500,000.00 in Switzerland and that he received the equivalent of 11,000,000.00 in Switzerland and that he received the equivalent

MCMIT stated that we understood the collaboration between that and Four continued only so long as it was profitable for what and that after the late realised that help about both of no further service to him that they stopped seeing one another. He said it was his understanding now that they were hostile toward each other and he said he has heard that he had, now realising that his family has safely escaped from numeria, is now unowing every armeting toward the rusemian recistence a wement. Whilst wald that said that said had a satisfaction of the samer in which said as sections with this was unother indication of the samer in which said as sections of the said that is felt that which had no hositancy in using communist sympathicers or even communists in furthering his own accomplishments. However, Whilst said he had never formed a conclusive opinion that MALA was a community.

AUSHIT mentioned that he had little factual background information on them. He said he did know however that said had been successful in getting his, said he did know however that said had been successful in getting his, said he into Bouth America; that said had so and the son's flances were presently in Paris, and that SaidAn's daughter, who problem, was here in the United States with her husband, Dr. PALADA. ANSET said that said had one of his bank accounts with the Chase Metional bank and that he had bank accounts with Bankers Trust in Hew York and the Lahman Brothers Banking Corporation. AUSHIT said that he was not aware of MALADA making given any unusual gifts to any person in the United States saids from one our which he knows that walkdar page to Minister wells.
