POSSER is also associated with the "Frankish Circle". This organization constitutes a thin (sparse) association of people of various political coloration, from the extreme right - as are the old Hitlerites like MERTEN - up to the extreme left. They are united by the slogan against the missile armament of Western Germany. Certain members of this group from Hamburg are associated with an international organization of missile armament, which is a front organization and which has "Struggle Committees" in various N A T O States. This is the STANIGER CONGRESS, the European Congress, whose German section is presided over by P. GROMPE and Erik <sup>WICHMANN</sup> ~~VIMAN~~, famous for his left-wing tendencies and POSSER's boss/friend. In the German section of this Congress there are also a few intellectuals of the Bertrand Russel type, who support that it is better to surrender to the Soviet Union rather than face (stand up against) an unprovoked attack on its part, with the use of atomic weapons.

In Hamburg, the "Frankish Circle" and the European Congress are associated with an other ~~one~~ organization - the "Battle against atomic death" - via Social-Democrat Deputy Valler MENTZEL, father of the 24-year old editor of the libelous writing against the Greek Government in the "Echo of Hamburg". Thus the bedding of the anti-Greek campaign is now made obvious and the motives of the POSSER-<sup>HEINSMAN</sup> ~~HAINEMAN~~ machine are automatically exposed. It is obvious that MERTEN was used as a lever and clearly explained why the two "attorneys" of DYSSELDORF did not ask him for compensation. For a full clarification of the case, we will devote tomorrow's dispatch to the personality of Walter MENTZEL and to the network of <sup>Heinemann</sup> ~~HAINEMAN~~'s contacts. <sup>Heinemann</sup> ~~HAINEMAN~~ is the chief director of the plot against the Greek and German Governments.
