THROUGH : Internal TSD Committee for Grants and Professional Service Projects

SUBJECT : Research Grant for [REDACTED] B

1. It is requested that funds be provided to support a research program conducted by Dr. [REDACTED] c/B

2. This project provides technical services, consultation and procurement of special materials required for the TSD/BB technical surveillance program in BW, particularly with respect to viral diseases. The activities and accomplishments of the project are reviewed periodically by competent authorities, including C/TSD/BB, and they have been found technically acceptable. Continuation of support for this project has been approved by the TSD Grant Committee. Attached is a copy of the estimated budget for the grant year, in the amount of \$11,549.00, which was submitted to the [REDACTED] B

3. Contracting procedures for research in this field cannot be accomplished through normal Government contracting procedures; therefore, this grant must be Government sterile. You are authorized to advance \$11,549.00, plus 4 per cent handling fee, to the [REDACTED] and an additional one per cent fee for processing this payment through your SC-2 contracting procedures. When received by the [REDACTED], the funds will be deposited to a third party bank account. The Agency has a deed of trust on this bank account and these funds are maintained separately from the [REDACTED]'s regular bank account. A separate CPA report is prepared on this restricted grant account annually. Copies of bank statements and cancelled checks on the third party bank account will be made available to the TSD Budget and Fiscal Section on a quarterly basis. Charges incurred in this project should be made against Allotment No. 5125-0087. B

[REDACTED]

4. It is not anticipated that any Government-furnished equipment will be required.

5. It is requested that this grant be in effect for the period 1 May 1965 through 30 April 1966.

6. This is a sole source project due to the specialized nature of the work and the previous experience and satisfactory past performance of the grantee.

7. Technical liaison and guidance will be provided by Dr. [REDACTED] C

8. Dr. [REDACTED] will submit, annually, results of his investigations. The responsible technical officer will certify that, to the best of his knowledge and belief, these funds have been used for the purpose of the approved grant and the results of this research are directly related to the requirements set forth in the attached proposal. C

9. Audit by Agency auditors is not permissible as the only personnel witting of Agency interest in this program are Dr. [REDACTED] and Dr. [REDACTED]. For the same reason, there will be no accounting for supplies or equipment granted under the research grant. An on site audit of the records maintained in Dr. [REDACTED] office may be performed if deemed necessary. C

10. Copies of the annual receipt and expenditure statement submitted to the [REDACTED] by the bursars of [REDACTED] together with copies of cancelled checks on the third party bank account, and the technical officer's certification, will constitute final accounting for this grant. B
