DRAFT

17 September 1958

56-19

MEMORANDUM FOR: THE RECORD

SUBJECT : MKULTRA Subproject No. 56

1. The purpose of this project is to provide funds to continue the research program conducted by the second at Stenford University School of Medicine. This program is designed to exploit all the knowledge and facilities available to its director in providing answers to specific questions of direct interest to the Agency in the area of alcohol intoxication. In addition, those areas of basic knowledge required to provide these practical answers will be developed.

2. The submitted the attached progress report and a proposal for an extension of the work during the coming year. It should be noted that three publications based on the material covered in the short progress report are presently in press. Included as a part of this project is a proposal from the working in the laboratory to be the indicator who is working in the laboratory to be the indicator of alcoholic intoxication than is now available. Presumably it will make possible an absolute measure of physiological impairment due to alcohol which will in turn materially aid in the final phases of the
