The contractor shall submit Quarterly and Annual Government Property Reports to the Government Property Administrator in accordance with the detailed instructions set forth in the Section J attachment entitled "Reporting Requirements for Government Property" to provide periodic updates to the list of property accountable to this contract and to provide information on contractor acquired property. The contractor shall also submit a Property Disposition Report with its Quarterly and Annual Reports to identify deletions from contract property records associated with this contract. The Quarterly, Annual, and Disposition Reports shall be considered updates to the Section J attachment entitled "Government Property Report". In addition, the contractor shall submit a Final Disposition Report within 30 days after disposition of all property accountable to this contract. Failure to provide required reports may result in termination of this contract, suspension of payment by the Government until required reporting is received, or other action as deemed appropriate by the Contracting Officer.
