- (f) The Contractor shall continually evaluate the total level-of-effort required and recommend to the Government changes thereto which are considered beneficial in attaining the overall objectives of this contract. In controlling the utilization of labor hours, the Contractor shall promptly notify the Contracting Officer, in writing, when there is an indication that premature exhaustion of the total labor hours of effort is predicted.
- (g) It is understood and agreed that the rate of labor hours per month may fluctuate in pursuit of the technical objective; however, such fluctuations will be controlled to avoid an exhaustion of the total labor hours of effort before the expiration of the term of the contract.
- (h) It is further agreed that the Contractor may submit written requests for acceleration of the average hourly rate of effort that will result in the utilization of the total labor hours set forth above prior to the expiration date of this contract. If the Contracting Officer approves the request, the accelerated performance shall be without increase in fee and the transaction formalized by modification to this contract.
- (i) The fee for performance under this contract is predicated upon the Contractor furnishing at least the minimum but up to and including the maximum level-of-effort specified. In the event the minimum level-of-effort is not provided as specified, the Government may, at its unilateral option, reduce both the base fee and the award fee pool proportionally. Unless otherwise specified in the contract, any increase in total hours shall be at the hourly rate as set forth in paragraph (b) below.

The Quarterly, Annual, and Disposition Reports shall be considered updates to the Section J attachment entitled "Government Property Report". In addition, the contractor shall submit a Final Disposition Report within 30 days after disposition of all property accountable to this contract. Failure to provide required reports may result in termination of this contract, suspension of payment by the Government until required reporting is received, or other action as deemed appropriate by the Contracting Officer.
- (g) Documentation Required to Support Contractor Acquired Property Items: The contractor shall furnish the Government Property Administrator a copy of all documentation to support the reported acquisition cost and acquisition date for all contractor acquired property valued at \$50,000 and above within thirty (30) days of delivery by the vendor to the contractor.
