For Heinrich Mueller's 201 file

SPRING 1960

Article in STUDIES Vol 4 # 2 Page A II LAST DAYS OF ERNST KALTENBRUNNE  
(last chief of RSHA) ~~has~~ written by Robert E. MATTESON unclassified.  
MATTESON was the man who found and arrested K.

Sp Asst, CIC

Described the circumstances and much about K's activities and attitudes.  
K. ~~was~~ resisted interrogation because wrongly handled. Then got  
cerebral hemorrhages and was not properly ever questioned. Executed  
later with the rest.

K a fanatical devotee of HITLER made puerile preparations to escape  
and fantastic "redoubt" area plans.

From the point of view of studying the MUELLER case, here is first  
hand evidence we don't have to spend time looking for interrogation  
reports on K in connection with this mystery.

Furthermore, Mr. MATTESON might be able to shed a lot of light  
on what went on with regard to MUELLER and others.
