POINTS FOR DISCUSSION

1. PROPAGANDA

- A. LCDRINK. BLACK STATION. ZRCROWNS distressed at not being cut in on our plans. ZRCROWNS believe this situation illustrates need for closer operational coordination in order keep lines straight. [ ] agreed but reminded of present policy operational disengagement and stated ZRCROWNS were not told because project was unilateral. [ ] also stated he had mentioned plan to [ ]
- B. THEMES. [ ] now prepared discuss points finally agreed to by ZRMETAL/BGBIDDY.
- C. ACCELERATION. ZRCROWNS believe committee should get cracking and turn out leaflets. ZRCROWNS prepared for drops, but feel hamstrung until TPCREDO propagandist starts to work. [ ] concurred and stated he would try to expedite propagandist arrival.
- D. TYPE. ZRCROWNS believe leaflets should be pictorial and stinking, to appeal to illiterates. ZRCROWNS believe leaflets of type recently dropped not worth funds or energy expended. The 9 blocks have arrived and [ ] is preparing samples of colored printing which will be available upon completion for our appraisal.
- E. DISTRIBUTION. ZRCROWNS planning 6 drops from aircraft, about one batch a month. ZRCROWNS so far have arranged only one balloon drop. ZRCROWN parties also will carry in leaflets.

2. COMMITTEE LOCATION. ZRCROWNS dead against moving committee to HBJOINT, stating their experience shows it is impossible to deal with HBFAIRIES without cutting them in all the way and once in, they will invariably try to take over. ZRCROWNS stated also HBFAIRIES would probably not permit such move because of HBPIXIE representation in HBJOINT. ZRCROWNS also stated HBPIXIE agents in HBJOINT were few but very effective at penetration. ZRCROWNS feel TPCREDO, while not ideal, is still best home for committee under present circumstances. Mentioned LCDRINK as a possibility, but pointed out this meant cutting in the LCFLAKES, which might be a headache. [ ] pointed to right to approach another service unilaterally and stated he would discuss subject with [ ] find out reason [ ] wanted committee to leave TPCREDO. [ ] and [ ] believe it is obvious that ZRCROWNS are trying to prevent strengthening of ties between QKCIGAR and HBFAIRY, probably because such a move would tend to weaken ZRCROWNS own position with QKCIGAR and in the world picture generally.

3. LABOR CAMP. ZRCROWNS anxious find out about our operations in HTSTEIN. ZRCROWNS have requested authorization for their man in Frank. to contact O-IN-C pool for purpose initial exploration prior recruitment 3 or 4 teams. Need for haste attributed to short period good weather remaining if teams go in this year. [ ] believes strong factor is ZRCROWN desire get first pick of available people for their own teams.

ZRCROWNS plan to train own teams covertly in one of their already established training centers.

ZRCROWNS have offered to provide instructor or two to assist QKCIGAR. [ ] stated this would insure ZRCROWNS that training they desired for their parties would be effected. [ ] points out it would also establish a good source of information re our operations.

4. CHANGE IN ATTITUDE. It should be noted that the ZRCROWNS plan to infiltrate parties from HTSTEIN pool is a sudden change from their previous statements to us that they had no plans for infiltration other than to send in as intelligence agents the selected remnants of VALUABLE PIXIES on UVULA. Apparently the ZRCROWNS wanted to see how far we would actually go unilaterally and now that they are convinced we mean business, they have decided to hop on the band wagon--a policy of watchful waiting costing them nothing.
5. OVERALL OPERATIONAL PLAN. ZRCROWNS believe we should draw up jointly a plan for overall operations. Such a plan would foster better understanding of joint operations, permit better planning for unilateral operations, prevent unnecessary duplications, and in general keep lines from getting crossed. [ ] stated he concurred with this idea and would discuss it with [ ]

ZRCROWNS are particularly anxious for a plan for infiltration of teams to be established, since the training of teams depends to a large extent on the areas in which they will operate. [ ] suggested that the committee should originate this plan, which of course would be subject to our final approval. [ ] agreed and [ ] stated he would discuss the matter with [ ] [ ] recently stated that, in order to expedite, we should do it jointly ourselves, unless the committee can be pushed into effective action quickly.

6. PROPAGANDA OPERATIONAL PLAN. ZRCROWNS feel that now that ZRMETAL and BGBIDDY have agreed on general themes, we should jointly produce a definite plan for effecting those themes. Such a plan would provide necessary guidance for propaganda sub-committee, allocate responsibility and keep lines from getting crossed. ZRCROWNS feel the propaganda plan established during March talks is too nebulous.

7. FUTURE POLICY. ZRCROWNS have not exposed their views. [ ] feels ZRCROWNS will probably advocate or at least discuss the following pertinent points:
- A. CLOSER OPERATIONAL COORDINATION. ZRCROWNS would like to exchange information on all points except those details not essential to the other service.
  - B. INCREASED PARTICIPATION BY ZRCROWNS. This may have been initiated to offset a possible unilateral approach by QKCIGAR to the HBFAIRIES. It is obvious that the ZRCROWNS wish to maintain a strong position with the QKCIGAR. They may have felt that if, under the present policy of operational disengagement we were forced to seek support of another service, the ZRCROWN position with the QKCIGAR would be jeopardized.
  - C. FOLLOW-UP FORCE. The Korean incident apparently stimulated the ZRCROWN renewal of interest in the follow-up force idea. Their action in this regard will depend on the reaction of the WSFISHY to the idea advocated by [ ] that from now on the ZRCROWNS must be prepared for quick and effective retaliatory action against the BGGYPSIES.
  - D. JOINT APPROACH TO LCFLAKES. The ZRCROWNS will want to discuss this in view of the difficulties arising from their recent attempts to infiltrate PIXIES across the LCFLAKE border. They regard this as an ill omen which spells trouble for both the ZRCROWN and QKCIGAR operations in LCFLAKE.
8. PRESENT STATUS ZRCROWN OPERATIONS
- A. PIXIE parties are now in LCDRINK awaiting settlement LCFLAKE situation.
  - B. ZRCROWNS have 30 knot boat and crew available to put PIXIES ashore. Boat is available for our use.
  - C. ZRCROWNS through [ ] are recruiting w/t operators for their parties from HTSTEIN.

NOTE:

[ ] recommends we cut ZRCROWNS in on plans for [ ] and air crew. ZRCROWNS will find out anyway sooner or later. Meantime, they could assist us in processing.
