SUBJECT: Notification of Operations over Soviet-Controlled Territory

1. In order that there may be no misunderstanding I should like to repeat instructions which you have all received previously that no aircraft will be flown over Soviet-controlled territory for any purpose without the prior knowledge of [redacted] or his representative. He should be informed at least two weeks in advance of every operation. The Wednesday afternoon meeting of consultants is normally a convenient time for such notification; it can be done directly or through [redacted] I should like to have in each instance a memorandum giving the target of the proposed operation and the date on which [redacted] or his representative was advised.
