1. We note that in paragraph 2D of reference dispatch Ohlbrecht is described as a security man for LCCASSOCK. A previous report on Ohlbrecht (BERLN 955), 7 July) stated that he was resigning in September. We are interested in this case and would appreciate being informed in greater detail concerning Ohlbrecht's present status. In view of the fact that he is a known ZIPPER-ite and planning to join ~~from~~ ~~Grube~~, of dubious reputation, after he leaves LCCASSOCK, it would seem that it would be advisable to begin to disengage him from his security duties with  prior to his actual departure. Have any steps been taken to do this? We would also like to know the actual date of Ohlbrecht's separation from the group.

2. In the same paragraph it is also reported that Ohlbrecht and ~~Buehler~~ write situation reports and evaluations of conditions in the DER for ~~Berlin~~. We wonder if these analyses are similar to that forwarded with EGBA-5616 which was stated to have been written by a member of the staff. If, on the other hand, these studies contain material which reflects the KUBARK-sponsored activities of the LCCASSOCK group, we would be very interested in seeing them. In either case we would appreciate the case officer's view of the value of these studies as intelligence reports. If it appears that they contain useful positive intelligence, the case officer could perhaps forward copies of several reports which could then be analyzed and evaluated by the appropriate section here.
